PRESS RELEASE

Cemen Tech Announces New UK Sales and Service Facility

Company announces new sales and service location, introduces advanced C60 volumetric concrete mixer to UK market

Indianola, Iowa. August 1st, 2019: Cemen Tech has announced the opening date—September 1st, 2019—of a new facility in Greater Manchester. Located at Unit 1 Sovereign Business Park, Wyvern Ave., Stockport SK5 7DD, this new location marks the latest development in Cemen Tech’s expansion of its sales, parts and service support network.

Cemen Tech has been a leader in volumetric concrete in the UK for over 25 years, and recently introduced its C60—the most technologically advanced volumetric concrete mixer in the world—to the UK market. This new location will further expand the company’s sales and service capabilities, providing improved service support, parts availability and more.

“We look forward to continuing to work hard to be the volumetric concrete mixer leader in the UK, and we are excited to introduce our new mixer models, technologies and advancements that have been available in other markets around the world,” says Connor Deering, CEO/President of Cemen Tech. “Cemen Tech’s goal is to continue to deliver the best quality products and provide the highest levels of service and support. We are committed to the success of our customers, and to the long-term success of the volumetric industry in the UK.”
