PRESS RELEASE

Cemen Tech Signs Faris Machinery as Exclusive Authorized Dealer in Colorado

Colorado-based Faris Machinery expands equipment offering to include mobile concrete mixers.

Indianola, Iowa. December 18, 2019: [Cemen Tech](#) has signed [Faris Machinery](#) as the exclusive dealer for Cemen Tech volumetric concrete mixers in Colorado.

Founded in 1953, Faris Machinery has provided quality equipment and full-service parts, rental and sales support to its Colorado customers for over 65 years — developing into one of the leading providers of equipment and services for the concrete, asphalt, environmental, oil & gas, and solid waste/sewer industries in Colorado.

The company's three locations (Commerce City, Colorado Springs, Grand Junction) are now authorized to sell and service Cemen Tech's full line of advanced volumetric concrete mixing equipment and technologies.

"The Centennial State has seen significant development across all sectors of the construction industry in 2019, and our concrete customers need equipment that can get them in and out of tight spaces and diverse terrain around roadways and other building projects," says Giles Poulson, President, Faris Machinery. "We partner with industry-leading manufacturers, so our customers have access to the best equipment and service available, and Cemen Tech is a strong and unique addition to our concrete equipment offering."

"The demand is growing for more direct control over concrete scheduling, quality and quantity," says Connor Deering CEO/President of Cemen Tech. "Our partnership with Faris Machinery represents a regional demand and established connection to businesses serving road and bridge construction, transportation, and industrial and commercial construction which can all benefit from volumetric concrete mixing."

The Cemen Tech Experience offers Dealer customers eight points of differentiation - a **Proven Process** to ensure the correct concrete solution for their application, a **Performance Guarantee** standing behind our equipment, our **Cemen Tech CONNECT** live global remote video support, our **24 Hour Parts** to minimize downtime, our proprietary technology **ACCU-POUR™**, an advanced suite of cloud-based productivity solutions for volumetric mixers, **Concrete Now**, an online portal for local concrete delivery,
